DIGITAL AUDIO

Let CopyWriter Live bring digital quality audio to your church, school, studio, or boardroom! The CopyWriter Live combines the flexibility of cassette tapes with the quality and longevity of CDs, in one low-cost, easy-to-use unit.

You can record from practically any audio source, including live feed from a microphone, cassette deck, mixer, and many other sources. Make a high-quality CD on the first try, every time, or make backup copies of audio or data for long-term storage.

CopyWriter Live is the only direct-to-disc audio recorder that features the ability to continually record by seamlessly utilizing the second recorder as the first becomes full. Record for hours on end with Microboards' exclusive spanning feature!
